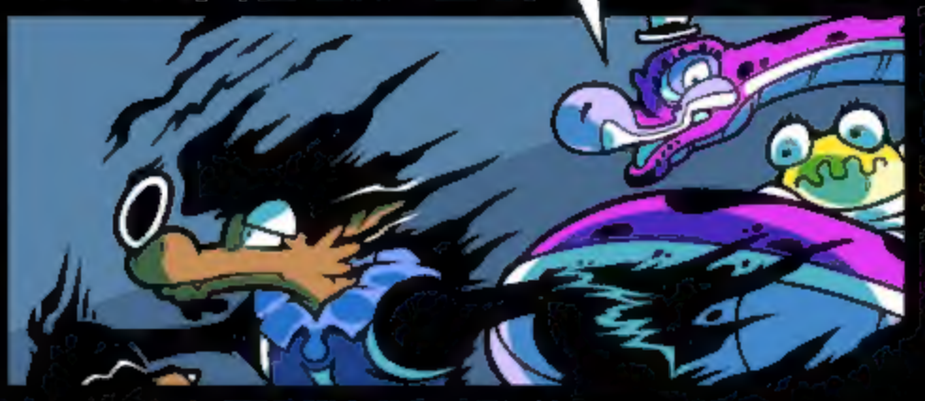
Incroyable! Est-ce... normal?

Your date is evaporating before our very eyes!



Toma! Wait up!

Ô mon prince...

Whatever is going on, Evan, please do not put up a front for moi.

It is clear your friend does not wish to be here, but he is kind to play along on your misunderstanding, is he not?

Pardonne-moi! Of course I knew what a double date is, but it was so much fun to use this opportunité to have fun with you! Oh-la-la, go to him and make sure he is well!

Blot! Please, come on and say something. I don't know what's happening, but I don't know who else to...

Toma? Sorry about Glisser, he can't turn it off, you know?

That's a toon for ya. No offense.

Anyways. It's not him.

Actually, thanks to him, I just realized something's wrong. Wrong with me.

This whole time I've been here and... HOW did I not think about this?

Just...

WHY don't I want to go home?

Then it hit me. I don't know what HOME was. I don't even know WHO I was!

Why can't I remember!?

You're Toma!

Nothing's wrong with you, but something IS wrong with your situation!

If you feel like a piece of you is missing, whether lost or stolen, you got a guy in your corner who's going to help you get it back!

I don't want to drag you into my problems, Evan! You've already done so much.

Hey, I'll do even more! Ever since Worldly saved and looked after me as a tadpole, I've been paying it forward ever since.

I think it's kinda fun to help people in need, and you humans need all the help you can get!

Ya big dork. That's so cheesy, Parmesan would blush!

Thank you, I needed that. I don't know what the next step is, but I'm glad a toon like you is going to be there.

So. Wanna ditch Glisser and go grab drinks or something?

Toma, let's not pass up on the perfectly fine liquor bar here.

Glisser. . . geez. Hey, want to have a little fun with him?

For the pursuit of a good time. . . Let's do it.

Tragic news! Toma's been cursed by a toon witch! Turned into a rabbit. Lost his memory! Only the strongest alcohol can break the curse. The booze will **NOT** help with the memory.
